

| degree of study | Bachelor's degree study | | | | | | | |
|--|---|-------|--|-------|--|-------|---|-------|
| study programme | Geodesy and Cartography | | Civil Engineering Structures | | Construction Management | | Building Engineering | |
| study form | Full-time and part-time | | Full-time and part-time | | Full-time and part-time | | Part-time | |
| compulsory subjects of final examination | Bachelor's Dissertation and Thesis Defense | 6 cr. | Bachelor's Dissertation and Thesis Defense | 6 cr. | Bachelor's Dissertation and Thesis Defense | 6 cr. | Bachelor's Dissertation and Thesis Defense | 6 cr. |
| | Geodesy | 2 cr | Statics and strength | 2 cr. | Statics and strength | 2 cr. | Constructions of building structures | 2 cr. |
| optional subjects of final examination | Global geodetic systems | 2 cr | Concrete and steel structures | 2 cr. | Construction technology | 2 cr. | Building physics in civil structures | 2 cr. |
| | Land management | 2 cr | Road construction and traffic engineering | 2 cr. | Economics and construction management | 2 cr. | Concrete and masonry constructions of building structures | 2 cr. |
| | Spatial analysis | 2 cr | Soil Mechanics | 2 cr. | | | Metal and wooden constructions of building structures | 2 cr. |
| | Transport structures | 2 cr | Railway engineering and track maintenance | 2 cr. | | | Statics of building structures | 2 cr. |
| note | the student chooses one subject from the compulsory optional subjects of the state exam | | | | | | | |
| | A student can take the state exams if he has successfully completed all compulsory subjects and the required number of compulsory optional subjects, except for the bachelor's thesis and its defense and other subjects of the state examination, while obtaining the required number of credits: | | | | | | | |
| | 170 credits | | 170 credits | | 170 credits | | 230 credits | |
| | In order to register for the state exam in the subject bachelor's thesis and its defense, the student must achieve at least 61 points from the assessment of the supervisor of the bachelor's thesis. | | | | | | | |
